# Language Conference

The Language Conference started on Tuesday, August 9th with a reception dinner and games of Shi Shi Be put on by the Pokagon Band. We had well over 150 Potawatomi people who attended the Language Conference in total, throughout the week.

There were many sessions that went on during the week. The morning sessions included an immersion with the fluent speakers, Jim and Mary Jane Thunder and Lillian Rice. The afternoon consisted of break-out sessions where three different sessions were running concurrently lasting approximately 45 minutes.

There were two to three break-out sessions per day with a 15 minute break between each session, which included; Plant Fibers by Ed Pigeon, Language Skits by Olivia Pewamo and her staff, Animation- Bringing a Story to Life by Dan Deschinny, Language Learning Games by Frank Barker, Potawatomi Instructor Credentialing by Dawn Hill and Earl Meshigaud, Potawatomi Verb Book by Lindsay Marean, Language Picture Descriptions by Justin Neely, Language Activities by Craig Meshigaud and Betsy Trudeau, Building a Fire by John Winchester, Potawatomi Miming by Jill Wabanimkee and Jessica Arkens, Animal Shi Shi Be by Molly Meshigaud and Vicki Dowd, Animal Safari by Kyle Kovish and Jessica Arkens, Dish Bag Teachings by Vicki Dowd and Cindy Thomas and Name that Song by Craig Meshigaud and Betsy Trudeau.

The Language Conference was a great success and next year it will be hosted by the Notawaseppi Band of Huron Potawatomi where the Gathering will be held at also. We would like to say a ktthe Migweth to the fluent speakers in sharing your knowledge about the Potawatomi language. It is very important that we keep our identity as Potawatomi alive and pass it down to the next generation!

# LETS GO GREEN!

In one year over 39,000 sheets of paper are used to produce this newsletter. Although we have the ability to continue production the same, the benefits of cutting down our paper usage are far too tremendous to disregard.

For every ton of paper that is recycled, the following is saved:

- 17 Trees
- 7,000 gallons of water
- Enough electricity to power an average house for six months.

America is the queen of trash. Every day in the U.S., we produce enough trash to equal the weight of the Empire State Building. We throw away 2.5 million plastic bottles every hour, produce enough styrofoam cups annually to circle the earth 436 times and trash enough office paper to build a 12-foot wall from Los Angeles to New York City. We throw away 570 disposable diapers each second, and toss out enough aluminum cans to rebuild our commercial air fleet every three months. Each year we fill enough garbage trucks to stretch from Earth halfway to the moon.

Did you know?

- 250,000,000 trees could be saved if all our newspaper was recycled
- The average American uses 7 trees a year
- 1 Billion – estimated number of trees worth of paper thrown away every year in the US

Our choices and behaviors have a ripple effect that reach across the world today, and on to future generations. What we buy, what we do or do not recycle, what we “throw away” has an impact on an evermore interconnected planet. If we want to maintain the standard of living we currently enjoy and pass it on to our posterity, it will take an all-hands effort to preserve the foundation of that standard of living – clean air, water and soil.

## ATTENTION READERS

*Taking care of Mother Earth is our responsibility. There are many things we all can do to help out whether it's as simple as recycling a water bottle or using tote bags at stores instead of plastic ones. The newsletter staff would like to encourage everyone to honor our Mother Earth. To show our support of Going Green we have decided to cut down on our distribution.*

***All Tribal members and descendants on the mailing list will continue receive the newsletter each month unless you notify the Editor that you would like to Go Green also. For all others, the newsletter is available online at [www.hannahville.net](http://www.hannahville.net) Simply click the Tribal Newsletter link on the left side of the homepage and scroll down to Newsletter Archive section.***

*The newsletter will also be available through email. If you would like to be added to the mailing list you can either send an email to [newsletter@hicservices.org](mailto:newsletter@hicservices.org) or call (906) 723-2270. Tribal members and descendants can also be added to this mailing list instead of receiving a paper copy to help our efforts of Going Green.*

*This change will not occur until November 2011, but if you are currently receiving the newsletter and would like to Go Green now you are encouraged to do so. Please call the Newsletter Editor to update your information.*

Thank you to everyone who helped  
 with our wedding and reception.  
 A special thanks to Aunty Elaine  
 who helped us out in more ways  
 than she thinks; with the wed-  
 ding and the events that ocured  
 throughout the last year.

God saw you getting tired and a cure was not to be. So He put His arms around you and whispered "come to me." With tearful eyes we watched you, and saw you pass away. Although we loved you dearly, we could not make you stay. A golden heart stopped beating, hard-working hands at rest. God broke our hearts to prove to us, He only takes the best.  
 Love & Miss you Mom (Lucy Janet Smith)  
 especially on your Birthday (9/5/35) when we all got together to celebrate just the way you wanted.

*Happy Birthday to my most  
 favorite lady on earth, my mom.

 day and many more to come.  
 Happy Birthday.

Here is one of our elders, Florence "Flee" Silver in her flower garden. She did it all herself, spending lots of time this summer watering and weeding it to make her flowers beautiful. One pot of flowers has grown so good they are taller than her!
